## KINCAID AGIGATOR BLOWOUT

Kincaid Contractor Series AgiGators are rugged, dependable, long lasting, and economical. There are no hydromulchers on the market that can compete with the AgiGator for ease of use and dependability. For a limited time, you can purchase one of these machines for up to \$3,500 off retail price. And as an added bonus, if you have a current, valid and verifiable quote from another dealer which is lower than the prices offered by HMI, HMI will beat that quote by \$250.\*

**DISCOUNTS AVAILABLE  
FROM \$1,450 TO \$3,500**

**PRICES ARE FOB  
HAVEN, KS 67543**

Model	Skid Mount	Trailer Mount
550	\$12,500	\$14,850
750	\$15,500	\$19,075
